

“We believe that young people are remarkable, and that they have the potential to help businesses achieve remarkable things”

What we do

We help companies to recruit and train awesome young employees. To us, awesome employees have #EEWAP (Energy, Enthusiasm, Willingness to Learn, Ability to take feedback and the propensity to take action). Our service enables you to build loyalty, improve diversity and supercharge productivity.

76% of our apprentices go on to become permanent employees.

By 2021, our mission is to:

Facilitate 500 Career Kickstarter events

Inspire 6,000 young people to live the #EEWAP philosophy

Engage 500 forward thinking employers in apprenticeships

Deliver 500,000 hours of digital skills training

Help 1,500 young people to kickstart their career

Our process

Our unique Career Kickstarter events remove the barriers created by traditional recruitment methods, eliminating bias and giving young people the opportunity to impress employers with their #EEWAP. By working with us, our clients diversify their teams and attract brilliant people from a rich and untapped pool of talent. Once in work, each of our apprentices receives outstanding personal and professional coaching, support and guidance from our Learning and Development team, at the same time as developing the skills to operate effectively in the digital workplace.

Metric	2013	2014	2015	2016	2017	2018	2019
Career Kickstarter course Designed to prepare & introduce young people to clients.	14	11	3	9	38	54	107
